

The Dove Fund is designed to help qualified women with a portion of their co-pays, co-insurance and/or deductibles directly related to eligible breast cancer treatments. Qualified applicants can receive a benefit of \$1,000 every twelve months, based on available funding. The Dove Fund is not an emergency fund and cannot provide immediate financial assistance.

THIS IS HOW OUR PROGRAM WORKS:

1. COMPLETE AND SIGN THE APPLICATION

Completing this application will require you to coordinate with your healthcare provider or medical facility. It will take time to compile, so start early so due dates do not pass you by. Make sure the application you complete is the most recent version posted on the Overcomers website (<https://overcomersbreastcancer.com/the-dove-fund/>). If you obtained this application elsewhere, please make sure page 1 of the Application states **2025 at the top.** Previous versions will not be accepted.

Many healthcare facilities have social workers, nurse navigators, or financial counselors who may be able to help you complete this application. They are there to help.

Make sure to sign the application and enclose the required Physician Verification Form. A final checklist is included in the Application for your convenience.

If you have questions on what type of documentation will satisfy the application requirements, please refer to page 4 in these Instructions for examples.

REAPPLYING FOR ASSISTANCE

Overcomers makes every effort to grant assistance when needed, however, there are limited resources and not all qualified requests can be granted. Recipients can receive one award every twelve months.

Applicants Who Do Not Receive Current Assistance

You are invited to reapply when the fund reopens. The fund status will be listed on our website (www.overcomersbreastcancer.com/the-dove-fund) along with a then-current application. You must meet all program requirements currently in place at the time of application.

Applicants Who Receive Assistance

You must wait 12 months from the date you received your grant award letter before reapplying. Check our website (www.overcomersbreastcancer.com/the-dove-fund) for the then-current application and eligibility requirements.

Overcomers retains only the documentation necessary to administer the Dove Fund. If reapplying, please note any application needs to be completed as if no information has previously been provided, unless stated otherwise in the application. Incomplete applications will not be considered.

ANNUAL HOUSEHOLD INCOME

Verifiable household income is determined by the program as follows:

Adjusted gross income (Line 11 from 1040 or 1040-SR) for ALL in the household

- Plus**
- Alimony paid (if reported on Schedule 1 / Line 10 of 1040 or 1040-SR)
 - Non-taxable social security benefits
 - Tax-exempt interest
 - Foreign earned income excluded from taxation of individuals who live abroad
 - Any pre-tax contributions into IRA, 401(k), or similar retirement account(s)
- Minus**
- Alimony received (if reported on Schedule 1 / Line 10 of 1040 or 1040-SR)
 - Any after-tax health/dental/vision insurance premiums paid by self-employed or "1099-employee" (see note 1)
 - The portion of annual health plan deductibles in a high-deductible health plan that exceed \$500 for an individual plan or \$1,500 for family plan (see note 1)

Note 1: Requires submitting additional support to qualify for either, or both, adjustments

ANNUAL HOUSEHOLD INCOME ADJUSTMENTS

Verifiable household income, as defined by the program, must fall at or below 300% of the Federal Poverty Guidelines to qualify for our program. If your annual household income is already **at or well below this level** (see page 2 of the application), this section does not apply to you.

However, if your income **is above** this level for a family of your size (see page 2 of the application) ***and close to qualifying***, one of these situations may apply to you.

Self-Employed or "1099-Employees"

If you are self-employed or a 1099-employee and obtain health, dental, and/or vision insurance from the health insurance marketplace, consider providing information about both your insurance premiums and proof of payment. A portion of the premiums paid will be used to reduce the household income on which your eligibility is determined.

High-Deductible Health Plans

If your annual health plan deductibles EXCEED \$1,400/individual or \$2,800 for family coverage, a portion of your deductibles can be used to decrease the household income on which your eligibility is determined. To qualify for this adjustment, you must include a current "Summary of Benefits and Coverage" schedule from your health insurance plan.

FOR THOSE NOT REQUIRED TO FILE AN INCOME TAX RETURN

If you are not required to file an income tax return with the Internal Revenue Service, please submit the required documentation listed on pages 6-7 of these instructions for all forms of income. This will facilitate the verification of your income in accordance with the program requirements.

COMMUNICATIONS

The Dove Committee communicates primarily through email. Please make sure the email provided in the application is accurate and legible. Also, regularly monitor your email to ensure you are receiving important announcements, like a grant award letter, on a timely basis. Our inability to contact you **within three weeks** of sending an email requiring a response may result in the forfeiture of any grant awarded.

If you do not use email or anticipate an extended time away from your email, please provide the email of your point of contact listed on the first page of the application so you can be reached.
